

Duo-Stripper No. 200

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multi-function tools for professional users.

Description

The WEICON multi-functional tools offer a large number of options for stripping a wide range of cable types. The product family of the tools includes various types, which have different additional functions and thus meet the individual needs of the users.

The WEICON Duo-Stripper No. 200 is a combination of cable stripper and wire stripper and brings together the functions of a cable stripper and an automatic wire stripper in one tool. The automatic scanning system means that there is no need to adjust to the cable cross-section. The Duo-Stripper No. 200 has an optical length scale from 8 – 20 mm and is suitable for all flexible and solid conductors of 0.5 mm² - 6.0 mm². Cables with a diameter of 4 – 16 mm or 16 – 28 mm can be stripped easily. The cutting depth can be adjusted infinitely using the knurled screw. The tool has a spare blade in the handle casing.

Technical data

Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	0.5mm ² to 6.0mm ² , external diameter 4 - 28 mm
Inner blade	Replaceable
Additional benefits	Integrated cable stripper
Approval/certificates	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	160 mm
Weight	122 gr
Accessories	Replacement blade set, item no. 51953020

Note

Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
